We have been working with folks in the Assessment and Remediation Division on this issue. I know Betsy was aware of it. This is the first I've been aware that a white paper was being developed by outside parties. We'll take a look. Please let us know how you'd like to follow up. Thanks, Jane

Mr. Breen,

Thank you for your time earlier today. As we discussed, please find attached our White Paper addressing the trichloroethylene short-term removal action level under consideration by EPA Region 9. We very much appreciate your consideration. I look forward to speaking with you soon.

Very truly yours,

Nicholas Targ
